

How to Participate in our Bond

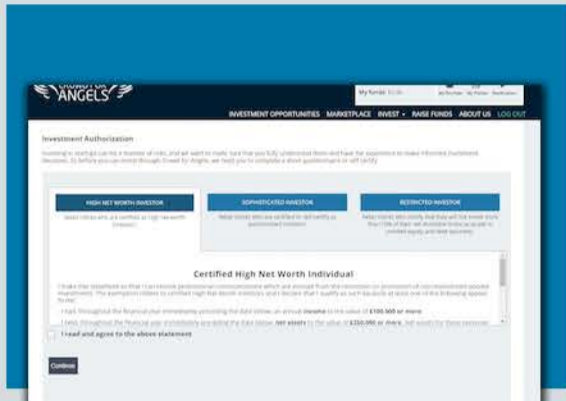

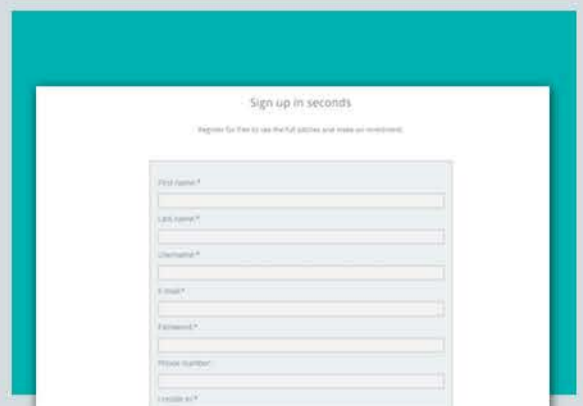

1) Visit Crowdforangels.com

From our homepage you can register, access pitches and invest. You will also be able to read information, download our guides and contact a member of the Crowd for Angels team

2) Register

By clicking on the “join” button you can register on our platform. Simply enter your email, username, password and information to create your account as an investor.

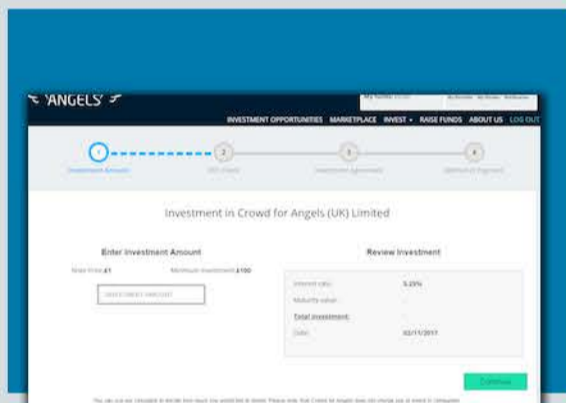

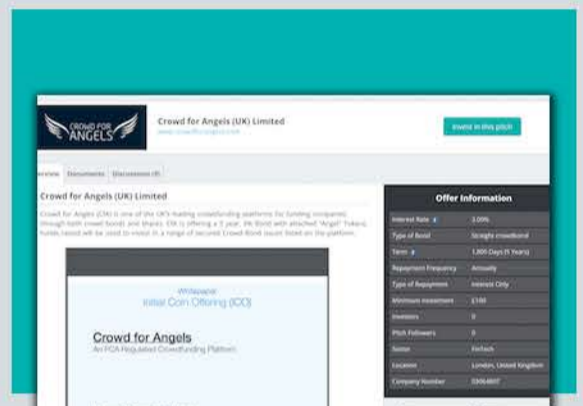

3) Tell us what type of investor you are

Please read the investor types and select the category that you fall into. Once you have read and agreed to the terms & conditions please click continue to become an investor on Crowd for Angels.

4) Visit the pitch (Liquid Crypto Bond)

Once you have registered as an investor you will have full access to the pitch. Here you can read the Whitepaper, download documents and ask questions. When you are ready to invest, click the “Invest in this pitch” button.

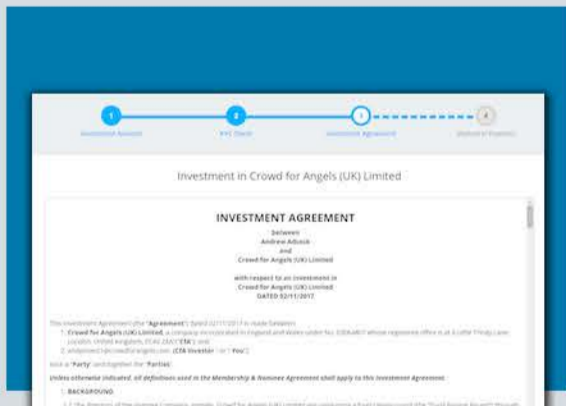

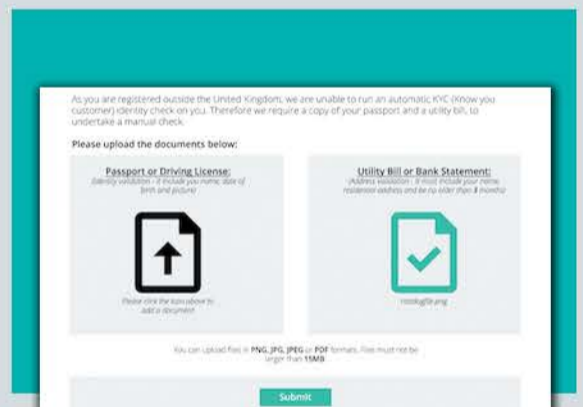

5) Choose your investment amount

You can now choose an amount to invest.

Please keep in mind that there is a minimum investment amount and once the total investment target is reached, you will be unable to invest.

6) Identity Check (KYC)

All our investors need to verify their identity. To do this, we will ask for your Date of Birth and Address. For investors **outside of the UK** we will ask for a government issued identity document and a recent utility bill to be uploaded to our site. A member of our team will need to verify these documents before you can proceed.

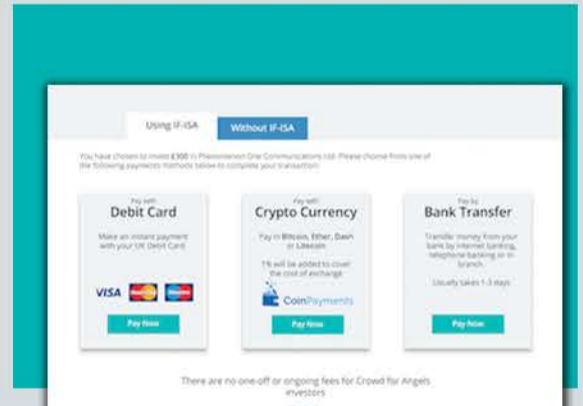

7) Investment Agreement

Once we have verified your identity we will ask you to electronically sign our investment agreement. This agreement is shared by all the investors and outlines your investment into the **Liquid Crypto Bond**

8) Make the payment

The final step is to pay for the Liquid Crypto Bond you have subscribed for. You can choose to pay with crypto currency, your debit card or via a bank transfer. Simply, follow the steps of our providers.

You have now invested in the Crowd for Angels **Liquid Crypto Bond**. Please watch out for our emails for more information

Once you have completed the above steps, your bonds will be deposited into your Crowd for Angels portfolio and if you have provided your wallet address you will receive your **ANGEL** tokens in due course
